## SEHON BREAKING GROUND FOR KENTUCKY CHILDREN'S HOME

Left to right: George L. Sehon, Superintendent, breaking the ground on the site of the Children's New Home, to be built by the Kentucky Children's Home Society at Lyndon; W. W. Davies and Lee L. Miles, members of the Building Committee, and Hugh L. Nevin, Architect.

WHEN ground was broken Tuesday, March 1, for the \$300,000 home of the Kentucky Children's Home Society at Lyndon, Ky., by George L. Sehon, head of the society, the spade marked the future monument to Kentucky childhood erected by Kentucky children.

Mr. Sehon last month announced that work would start on the group of buildings, March 1, regardless of weather conditions and the promise to Kentucky's childhood was kept. The ceremonies were marked by a solemnity befitting the great work of the only institution of its kind in the country—an institution whose mission is to redeem from the clutches of evil environment those children who have not been born with the advantages that go far toward meaning success in the business world.

"You can't make a silk purse out of a sow's ear, Sehon," one of the seepies told Mr. Sehon twenty years ago when his work was in its infancy.

"But today in many schools in Ken-

tucky there is at least one child who got its start at the Kentucky Children's Home Society," said Mr. Sehon. "In every community there is some beloved character, man or woman, some successful man or fond parent who once was a ward of the Kentucky Children's Home Society and who now would be in the evil surroundings of his or her birth, but for the helping hand of the society."

Mr. Sehon intends to raise the fund for the cottage plan institution at Lyndon, through the schools of the state. He wants the nickels and dimes of the children to build the monument to childhood instead of obtaining the money in a lump sum from some philanthropist. He believes that through this method of raising the money, each childish heart will be filled with the thought of the good done with that nickel or dime; of the soul that has been saved or waif reclaimed.

Approximately \$150,000 toward the \$300,000 has been raised toward the society's fund. The ninety acre tract of land which will be the future home

of the institution has been purchased, leaving about \$100,000 cash on hand to be at the disposal of the society for building purposes.

It is estimated that this sum will be needed in the erection of the administration building and two double cottages which will house about 75 children each. These buildings will be completed about October 1.

As accommodations then will be available at the new home for only about 150 children, whereas about 160 children now are at the home on Baxter avenue, it may be necessary to erect some temporary buildings.

Mr. Sehon says he feels assured that the remaining \$150,000 needed to complete the cottage village will be raised during the campaign this summer.

Ultimately the institution at its new location next to the Kentucky Military Institute will consist of the administration building, eight of the cottage buildings, a school, a hospital, a chapel and power plant, the latter to provide heat and light and also to manufacture ice.

### THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

#### CLERICAL WORK

DURING the war women went into railroad work in large numbers, and took over jobs that were unsuited to them, because the need was there to be filled. Since peace has come they have left these positions. But many women are still working for the railroads in clerical positions and they are liked for the work. The salaries are good, and the treatment of the women is said to be excellent. Where these are required the railroads have provided rest and lunch rooms, and there are matrons whose business it is to see that the women are comfortably situated and cared for.

In the banks, too, women are going more and more into clerical work. They are working as cashiers and assistant cashiers, and in the branches for women customers they hold jobs as paying tellers and adjusters. The work is agreeable to women who have a sound training in book-keeping, the associations are pleasant, and there will be more opportunities for advancement as the strangeness of having women work in banks wears off. In many banks with a large woman clientele a woman is employed to advise these clients in regard to investments. This is a position of trust and importance.

One high official of a large bank that employs many women in various positions said that he found them efficient, trustworthy and capable. "I don't know whether we shall ever have many women as presidents of banks, but I don't see why we shouldn't," he remarked. "After all, it's up to the women."

#### SOME NICE DESSERTS.

ALL desserts are not suitable for children, but simple custards, gelatine jellies or a not too rich ice cream are all good.

#### Vanilla Rice Pudding.

Blanch one-half cupful of rice, add two cupfuls of water and one-half teaspoonful of salt and let cook until the rice is tender. Scald one and

one-half cupfuls of milk in a double boiler; stir into the hot milk one-half teaspoonful of salt, three tablespoonfuls of cornstarch and one-half cupful of cold milk, all well mixed together. Cook until thick, cover and cook ten minutes. Beat the yolks of two eggs, add one-half cupful of sugar and beat again, stir into the hot mixture, add the dry cooked rice and one teaspoonful of vanilla. When cold garnish with whipped cream and spoonfuls of jam or jelly.

#### Apricot Whip.

Press through a sieve enough apricots to fill a cup; add one-half cupful of sugar and the juice of half a lemon; mix well. Fold in the whites of four eggs, beat until light and turn into a buttered and sugar-sprinkled baking dish. Bake, placed in a pan of hot water until the pudding is firm in the center. Serve hot with cream.

#### Foamy Cream Sauce.

Soften a scant half-teaspoonful of gelatin in two tablespoonfuls of water and dissolve over hot water; add one cupful of cream from the top of the milk bottle, two tablespoonfuls of sugar and one teaspoonful of vanilla; mix thoroughly and when cold beat until frothy.

### "What's in a Name?"

By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel.

#### DOROTHY

ONE of the quaintest and most whimsical of origins is that from which Dorothy sprang. Theos and Zeus, father of the gods, were identical terms in ancient Greece. From Theos came many masculine names and one feminine, Theodora, which signified "gift of God" or "living gift." Curious enough, the reversal of the name or Dorothea was speedily accomplished and, though absolutely incorrect, gained more prevalence in the Western world than Theodora has ever achieved.

The beautiful legend of St. Dorothea helped to give her name widespread fame. It is the story of the Cappadocian maiden who sent the roses of Paradise by angelic hands as testimony of the joy she was reaping. Dorothea became a patron saint in Germany and England straightway adopted her name because of Massinger's powerful drama. Dorothy was the next step in her evolution and Dolly became a popular diminutive. Indeed, so common was it

in usage that it became the generic term for wooden children or puppets in the time of Elizabeth Stuart, and hence our own "dolly," or doll, beloved of the small girl.

Dorothy became a Puritan name at the height of the reign of the house of Hanover, and was used by Mrs. Dorothy Cromwell and other Roundhead daughters. France called her Dorothea, while Germany preferred the original Dorothea, and Italy omitted the aspirate and made her Dorotea. England and America favor Dorothy, with its fluffy diminutive Dolly. Russia, by some mysterious translation, claiming that the patroness of Darja was an Athenian lady martyred with her husband, Chrysanthus at Rome and buried in a catacomb which was opened in the reign of Constantine the Great. The modern Greek rendition of the name is Thorothea.

Dorothy's talismanic gem is the diamond. It is said to afford her protection from evil and bring her great happiness. As the old legend goes:

"The Evil Eye shall have no power to harm Him that shall wear a diamond as a charm."

Saturday is her lucky day and 2 her lucky number, while the flower assigned to her is the daisy, signifying innocence.

## BAPTISTS REPORT WHERE MONEY GOES

GENERAL DIRECTOR 75-MILLION CAMPAIGN TELLS PURPOSES TO WHICH MILLIONS GIVEN.

EVERY CAUSE IS BENEFITED

State, Home and Foreign Missions; Christian Education, Hospitals, Orphanages and Ministerial Relief Share in Receipts.

DR. L. R. SCARBOROUGH, Chairman Conservation Commission Baptist 75 Million Campaign.

Dr. L. R. Scarborough, who was general director of the Baptist 75-Million Campaign, and who was later elected chairman of the Conservation Commission that is seeking to conserve all the interests of that campaign, has issued a report from the Nashville headquarters showing the various interests that have benefited from the \$16,851,100.68 collected on campaign pledges up to Dec. 1, 1920.

With its receipts of \$2,958,849.77, the Foreign Mission Board has added to its territory five new provinces in China and made the beginning for opening up work in the new fields of Spain, Hungary, Roumania, Jugoslavia, and the Ukraine in Russia; strengthened its work in Syria and Palestine, made a beginning in Eastern Siberia, added 100 new workers to its force of American missionaries in foreign lands, provided new houses of worship, hospitals, schools, publishing plants and other institutions needed in the prosecution of missionary work. What is of even more importance, in the estimation of Secretary Love, is the completion of many institutions and undertakings that had been held up for lack of funds.

#### Home Missions Doubles Budget

By reason of the larger receipts from the campaign, the Home Mission Board has been enabled to practically double its annual budget for its work of evangelism, church building, work among the foreigners, Indians and negroes, mountain mission schools, enlistment, and general mission work in Cuba and Panama. The appropriations to evangelism have been practically doubled, those to church building increased between 500 and 600 per cent, those to the mountain schools, forty in number, 100 per cent, and those to the work of enlisting undeveloped churches, 300 per cent.

In the realm of state missions, which embodies such work as providing missionaries and other special workers for needy fields within the states and aiding weak congregations in the building of houses of worship, the advance made possible by the campaign ranges from 25 to 100 per cent in the eighteen states of the convention territory.

Returns to the Conservation Commission by forty-five of the Baptist institutions of learning which are sharing in the returns from the campaign, show that they have received \$2,713,756 so far. Of this sum, \$1,640,000 has been expended on improvements, \$400,000 has gone to endowment, several hundred thousand dollars in old debts have been wiped out and other improvements are under way.

#### Ten New Hospitals Provided

Southern Baptists were operating fourteen hospitals when the campaign began, and as a result of the new interest in this work aroused by the campaign ten additional hospitals have been launched. These hospitals have received \$1,111,439.45 from the campaign so far, while local communities in which the hospitals are located have subscribed approximately \$2,000,000 additional. The hospitals have practically \$1,000,000 in improvements under way. The seventeen Baptist orphanages have likewise come in for much larger support as a result of the campaign, their receipts from this source being \$1,018,798.67. As a result of this income the orphanages have been enabled to make improvements valued at \$325,000.

The work of aiding aged preachers is a new one among Southern Baptists as a whole, but as a result of the campaign the Relief and Annuity Board has received \$408,743.22 from that source and \$400,000 from Mr. Rockefeller, Sr.
